Examiner's Comment

The affidavit under 37 CFR 1.132 filed 04/08/2005 is sufficient to overcome the rejection of claims 1-2, 7-8 and 14 based upon 102(e) rejection.

Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not, alone or in combination, disclose a rotator arranged around a stator so as to detect a rotated-angle variation of a detection target correspondingly to an overlapped state of the rotator with the stator; wherein at least a part of an outer peripheral surface of the rotator is slidable relative to an inner surface of the casing of the rotator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
